

# Workshop Announcement

## ALL-HAZARDS AIR OPERATIONS and UNMANNED AIRCRAFT MANAGEMENT

**DATE:** February 26<sup>th</sup>, 2018    **TIME:** Check in at 0800 to 1700

**LOCATION:** 1907 Carpenter Ave., Des Moines, IA.  
Polk County EOC

All-Hazards Air Operations and Unmanned Aircraft Management is a workshop targeted at the Command and General Staff on an All-Hazards (AH) Incident Management Teams (IMTs) and those using unmanned aircraft or would like to more about using unmanned aircraft on day to day emergency operations. Additional target groups are those Unit Leaders, especially those in Logistics who have considerable and critical interactions with the Air Operations Branch Director (AOBD) air staff or day to day aerial manager / emergency manager.

Aviation is one of the more complex components of AH response, and probably the least understood. However, the fact still remains that close coordination and communication among the Air Operations are critical to successful aviation mission execution.

**FLIGHT DEMO INCLUDED**

### *This Workshop Covers*

- *Understand the job, duties, and tasks required of an Air Operations Branch, how to mobilize and transition into an incident aviation environment, and be able to prepare for, manage, and oversee an aviation operation*
- *Describe the need by members of the C&GS Unit Leaders and EOC to interface with the Air Branch.*
- *Understand various aviation assets, their capabilities and limitations*
- *Describe aviation support and logistics needs*
- *Participate in a mission request/flight planning process.*
  - *Utilizing Unmanned Aircraft Operations on a day to day and extended mission setting*
  - *Developing and Managing an Unmanned Aircraft program*
  - *Understanding the certification process*

Participants receive a draft UAS agency policy

This course has been developed by Subject Matter Experts with experience in both the wildland fire and all-hazards aviation environments and is delivered by The Blue Cell, LLC and Aerial Horizons UAS, LLC
